Mr. Stockbridge of the Fountain Hotel, Light street, Baltimore.

Dear Sir: Being on the point of leaving the city, I avail myself of a few idle moments to thank you kindly for the medicine you sent me, and which has restored me to the use of my limbs. I beg you to send me four bottles more, to carry on my voyage. Since I had the fortune to use Dr. Hampton's Vegetable Tincture my confidence is so strong that, in gratitude to the proprietors of said medicine, I beg you to present my respects to them, and induce them to make it more publicly known as a sure Rheumatic cure. Having called on me on the 19th of April last, and seen me prostrated on my bed, useless in all my limbs, you can appreciate nearly as well as myself the prompt relief I received from Dr. Hampton's Tincture, and I am positive had it not been for your strong and forcible recommendations I should still have been in bed.

It is really a pity this specific should not be approved by medical men, and like all patent drugs it should suffer the imputation the public generally give to such preparations. I myself, who was always opposed to a patented specific, took this medicine with reluctance, and without confidence in it, and it was only through your disinterested, friendly recommendations, and my critical situation, that induced me to try this really beneficial Vegetable Tincture.

I am, so far, cured by this Hampton's Vegetable Tincture only. Therefore, my dear sir, accept of the assurance of my gratitude, and believe me your well-wisher.

WONDERFUL CURE OF HEREPITARY SCROFULA!
This certificate is from the pen of a gentleman whose name appears on the journal of Congress—one who is extensively and favorably known:
It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of my slave boy Albert. The patient was three years old, and had the Scrofula—(his father is scrofulous.) The boy was a moving mass of sores from head to foot; the upper lids of the eyes were much swollen, and turned inside out, exhibiting horrible mattering ulcers, that protruded over the eye-ball so as to produce blindness. It is strange, yet true, this child—that I felt resigned to see die as a relief from suffering—has been restored to health under the treatment Dr. Hampton.

LOUISVILLE, March 29, 1851.
We have a large number of certificates from our most respectable citizens attesting cures made by this celebrated Tincture of most every disease that "flesh is heir to." After all other remedies have failed, we ask the afflicted to call on the Agents and get pamphlets with certificates of cures.

THE undersigned propose to publish, in the City of Washington, a weekly newspaper, bearing the above title, and dedicated to a sound morality in Politics, to the Union of the States, to the cause of African Colonization and Civilization, and to all topics of a high and general interest to their country and mankind. They will endeavor to impress upon the People and Government of the United States and of the several States the importance of colonising in Africa, with their own consent, the free people of color of this country, and such as may become free. They will communicate to the public all important information they may obtain in regard to the Geography, Exploration, Resources, Commerce and Population of Africa; the state of the Slave Trade, and the measures best adapted for its suppression; and will enforce the duty of union among all Christian demands in efforts to diffuse the knowledge of our Arts, Liberty, and Christianity, among the barbarous people of that Continent.

They will aim to render the journal an instructive and useful Family Newspaper, and to secure for its columns, as the public favor shall enable them, contributions, literary and scientific, of decided merit.

BLACKWOOD'S MAGAZINE,

BRITISH QUARTERLY REVIEWS. BRITISH QUARTERLY REVIEWS.

OWING to the late revolutions and counter-revolutions among the nations of Europe, which have followed each other in such quick succession, and of which "the end is not yet," the leading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treaties to be furnished by the historian at a future day. Whoever reads these periodicals obtains a correct and connected account of all the important political events of the Old World, as they occur, and learns the various conclusions drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call renewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, viz:

In these periodicals are contained the views, moderately though clearly and firmly expressed, of the three greatest parties in England—Tory, Whig, and Radical; "Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" Liberal. The "North British Review" owes its establishment to the last great ecclesistical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge. It was originally edited by Dr. Chalmers, and now, since his death, is conducted by Dr. Chalmers, and now, since his death, is conducted by Dr. Chalmers, and now, since his death, is conducted by Dr. Chalmers, and now, since his death, is conducted by Dr. Chalmers, and now, since his death, is conducted by Dr. Chalmers, and now, since his death, is conducted by Dr. Chalmers, and now, since his death, is conducted by Dr. Chalmers, and now, since his death, is conducted by Dr. Chalmers, and now, since his death, is conducted by Dr. Chalmers, and now, since his death, is conducted by Dr. Chalmers, and now, since his death, is conducted by Dr. Chalmers, and now, since his death, is conducted by Dr. Chalmers, and now, since his death, is conducted by Dr. Chalmers, in a death of the conducted by Dr. Chalmers, in the first his death of the conducted by Dr. Chalmers, in a beau.

Amherst College, Dec. 25, 1848.

Mr. Robert Sears—Dear Sir: I have looked over the entire series of your valuable publications with much interest and profit; and am quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many fine illustrations, while you have an active superintendence of an extensive business. I am also gratified at the decidedly moral and religious influence which your books will exert, and cannot but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans.

Respectfully and sincerely, your obliged servant, EDWARD HITCHCOCK.
